

We support PV systems

Formerly Everest Solar Systems 

K2 Systems is the engineering leader for all your mounting system needs. We are the US division of an international company and we are a proud market leader with more than 16 GW installed worldwide. We have offices in Germany, England, France, South Africa, Italy, Brazil, Mexico and Australia. There are currently about 210 employees in our global company, but as we grow we need new talent to join our team of professionals and help take solar to the next level!

We are looking for a committed

Technical Trainer

This position is focused on high level technical training for solar installers using K2 Systems' product line in the field. Trainings will be performed on all platforms: virtual, classroom/workshop setting, and on various job sites. At least 2+ years of experience with solar installation and/or construction is required. The role will be managed by the Director of Product Marketing and the VP of Sales. Focused on the midwest and east coast regions, this position will be worked remotely but requires 75% travel with occasional visits to the K2 headquarters located in Vista, CA.

Roles & Responsibilities

- ▶ Onsite product training, installation, & support for customers
- ▶ Technical product training curriculum development
- ▶ Digital and in-person training presentations
